# WILLSCOTT ENDS RECORD VOYAGE

It has been five hundred and fortyeight days since the American bark Willscott was placed in the column headed "Vessels chartered for or on the way to Hawaii," yet it was only yesterday that the vessel rounded Diamond Head and was towed into the harbor, after one of the most exciting tersburg in case the deal is consumvoyages ever made. Threatened with mated. Russians have already secured fire within and water without, the ship several colliers on the China coast .safely made the passage from Philadelphia to San Diego, California, in 353 days, breaking the record for the long- SHIPPING INTELLIGENCE est passage from the east to the west coast of the United States.

After leaving Philadelphia the ran into a terrible storm near Cape Horn, which carried away a large part of the rigging and covered the decks with ice. Unable to proceed in her damaged condition the Willscott started for Port Stanley. On the way the coal in the hold was found to be on Kauai ports, 2:45 a. m. fire and on her arrival part of the cargo was discharged and the fire extinguished. After leaving Port Stanley head winds were fought all the way Francisco, 11:30 a. m. to San Diego and with her damaged rigging the vessel had a hard time making port. After discharging her cargo at San Diego the Willscott was towed to San Francisco and repaired. On her trip to this port from the ports, 5 p. m. coast she met with calms and westerly winds, but otherwise her voyage was uneventful. The Willscott is consigned to the Sugar Factors Co., Ltd.

# **BUFFALO'S CRUISE** TO HONOLULU

VALLEJO, January 14.-The United States training ship Buffalo, Captain William H. Everett commanding, left the navy yard this morning for the lower bay, where she will remain for a few days before proceeding to Honolulu. The Buffalo took out over 500 apprentices and landsmen, 325 of these being from the San Francisco Naval Training Station, while the remaining 200 of the draft arrived here from the East a few days ago. Upon arriving at the Hawaiian Islands the Buffalo will receive further orders regarding her cruise, and it is thought that these may be for her to proceed to the naval station at Guam. On her return here it is proposed to place her out of commission at the Mare Island Navy Yard. The ship will then be given a thorough overhauling. She will be equipped with new bollers.

The Lawton is being prepared to take the place of the Buffalo as the training ship of this coast when the latter's flag is hauled down.
